

INDEX

Arboriculture & Urban Forestry Volume 39, 2013

- Acer spp. (maple)**
impact of tree size and container volume at planting, mulch, and irrigation, 173
- Aesculus spp. (horsechestnut)**
reducing severity of leaf blotch, 182
- Alabama, U.S.**
evaluation of sampling protocol for i-Tree Eco, 56
- anchorage**
influence of method and root pruning, 2
- aphids**
effects of neonicotinid insecticides, 231
relative resistance of elm, 236
- arid climate**
transplant success, 211
- Arizona, U.S.**
tree health in Phoenix, 286
- Armson, David (and M.A. Rahman and A.R. Ennos), A comparison of the shading effectiveness of five different street tree species in Manchester, U.K., 157
- ash (*Fraxinus* spp.)**
borer infestation and structure and material properties, 11
- Ashton, Mark S. *see* Jack-Scott, Emily
- Australia**
tree risk assessment, 165
see also drought
- balled and burlapped**
transplant success, 211
- Banks, Jonathan M. *see* Percival, Glynn C.
- bare root**
transplant success, 211
- Bartens, Julia. *see* Roman, Lara A.
- Beeson, Richard C. *see* Gilman, Edward F.
- Beeson, Richard C., Jr. *see* Pearson, Brian J.
- bending stress**
impact of tree size and container volume at planting, mulch, and irrigation, 173
- Bialecki, Margaret B. *see* Fahey, Robert T.
- biomass**
and water stress in cottonwood, 226
- biomechanics**
effect of borer on structure and material properties of ash, 11
- branch failure**
effect of borer on structure and material properties of ash, 11
- Brindal, Mark (and R. Stringer), Water scarcity and urban forests: Science and public policy lessons from a decade of drought in Adelaide, Australia, 102
- bulk density**
and infiltration rates, 249
- Burcham, Daniel C. (and E.C. Leong, Y.K. Fong, and P.Y. Tan), Infrared camera measurements reveal diurnal variation in the effect of mechanically induced internal voids on stem temperatures of small trees passively heated by the sun, 31
- canopy**
methods for measuring, 62
- Carter, David R. *see* Fahey, Robert T.
- Celtis* spp. (hackberry)**
fertilizer nitrogen uptake and partitioning, 85
- Chappelka, Arthur H. *see* Martin, Nicholas A.
- cherry (*Prunus* spp.)**
shoot growth and production method, 201
- communities**
governmental entities' knowledge of urban forests, 149
group dynamics and street tree survival, 189
- compaction**
and soil infiltration rates, 249
- Connecticut, U.S.**
community group dynamics and tree survival, 189
- Connellan, Geoff. *see* Symes, Peter
- container stock**
Acer spp. (maple), 173
and anchorage, 2
- cost-benefit analyses**
tree risk, 165
- Costello, Laurence, Urban trees and water: An overview of studies on irrigation needs in the western United States and a discussion regarding future research, 132
- cottonwood (*Populus* spp.)**
water stress and physiology, growth and biomass, 226
- Cowle, Paul. *see* Sanders, Jessica
- Cowles, Richard S. *see* Harper, Richard W.
- crapemyrtle (*Lagerstroemia* spp.)**
drought stress response strategies, 125
- Crataegus* spp. (hawthorn)**
shading effectiveness of street trees, 157
- Davison, Aidan. *see* Pearce, Lillian M.
- Dilley, Jana (and K.L. Wolf), Homeowner interactions with residential trees in urban areas, 267
- Dimke, Kelley C. (and T.D. Synder and D.S. Gardner), The effect of landscape trees on residential property values of six communities in Cincinnati, OH, 49
- dinotefuran**
effects of arthropods on elm, 231
- Doley, David. *see* Kjølgrøn, Roger
- Dracaena* spp. (dragon tree)**
stem temperature and internal defects, 31
- dragon tree (*Dracaena* spp.)**
stem temperature and internal defects, 31
- drought**
adaptations of urban forests, 102
lessons from a decade in Australia, 102
managing and monitoring tree health and water status during, 136
stress response strategies, 125
tree growth and resilience, 279
water management strategies, 116
- Dutch elm disease**
relative resistance of elm, 236
- economics**
benefits of formative pruning of street trees, 17
landscape trees and residential values, 49
utilization of urban wood, 25
- elasticity**
and risk assessment, 218
- elm (*Ulmus* spp.)**
effect of date and harvest method on transplant success, 211
effects of neonicotinid insecticides, 231
relative resistance to multiple insect pests, 236

- emerald ash borer**
effect on structure and material properties of ash, 11
- England**
shade tree effectiveness, 157
- Ennos, A.R. *see* Armson, David; Rahman, M.A.
- Etemadi, Nematollah (and R.M. Nezhad, N. Zamani, and M.M. Majidi), Effect of transplant date and harvest method on growth and survival of three urban tree species in an arid climate, 211
- evapotranspiration**
in urban trees, 132
- Fahey, Robert T. (and M.B. Bialecki and D.R. Carter), Tree growth and resilience to extreme drought across an urban land-use gradient, 279
- fertilizer and fertilizing**
nitrogen uptake and partitioning in *Celtis*, 85
- field stock**
and anchorage, 2
- Fong, Yok-King. *see* Burcham, Daniel C.
- Fraxinus* spp. (ash)**
borer infestation and structure and material properties, 11
- fungicides**
polymer combos for reducing horsechestnut leaf blotch, 182
- gap light analyzer**
for measuring canopy, 62
- Gardner, David S. *see* Dimke, Kelley C.
- Gilman, Edward F., Anchorage influence by production method and root pruning, 2
- Gilman, Edward F. (and J. Miesbauer, C. Harchick, and R.C. Beeson), Impact of tree size and container volume at planting, mulch, and irrigation on *Acer rubrum* L. growth and anchorage, 173
- government officials**
knowledge of urban forests, 149
- Grabosky, Jason. *see* Sanders, Jessica
- Grado, Stephen C. (and M.K. Measelis and D.L. Grebner), Revisiting the status, needs, and knowledge levels of Mississippi's governmental entities relative to urban forests, 149
- Grebner, Donald L. *see* Grado, Stephen C.
- green wood**
mechanical properties and risk assessment, 218
- Gymnocladus* spp. (Kentucky coffee tree)**
effects of neonicotinid insecticides, 231
growth and resilience to extreme drought, 279
- hackberry (*Celtis* spp.)**
fertilizer nitrogen uptake and partitioning, 85
- Harchick, Chris. *see* Gilman, Edward F.
- Harper, Richard W. (and R.S. Cowles), Susceptibility of Chinese hemlock (*Tsuga chinensis*) to injury from autumn horticultural oil applications, 6
- Hartley, Mark. *see* Stewart, Mark G.
- hawthorn (*Crataegus* spp.)**
shading effectiveness of street trees, 157
- hemlock (*Tsuga* spp.)**
autumn application of horticultural oil, 6
- homeowners**
interactions with residential trees, 267
- horsechestnut (*Aesculus* spp.)**
reducing severity of leaf blotch, 182
- horsechestnut leaf blotch**
reducing severity with polymer/fungicide combos, 182
- horticultural oil**
autumn application on Chinese hemlock, 6
- human dimensions**
homeowner interactions with residential trees, 267
- imidacloprid**
effects of arthropods on elm, 231
- infiltration rates**
and soil characteristics, 249
- infrared photography**
measurement of stem temperature, 31
- insecticides**
neonicotinid, 231
- Iran**
effect of date and harvest method on transplant success, 211
- irrigation**
effect on container-grown maple, 173
urban trees, 132
- i-Tree Eco**
evaluation of sampling protocol, 56
for measuring canopy, 62
- Jack-Scott, Emily (and M. Piana, B. Troxel, C. Murphy-Dunning, and M.S. Ashton), Stewardship success: How community group dynamics affect urban street tree survival and growth, 189
- Jones, Andrew W. *see* Persad, Anand B.
- Joyce, Daryl. *see* Kjelgren, Roger
- Jull, L.G. *see* Werner, L.P.
- Keever, Gary J. *see* Martin, Nicholas A.
- Kentucky coffee tree (*Gymnocladus* spp.)**
growth and resilience to extreme drought, 279
- King, Kristen L. (and D.H. Locke), A comparison of three methods for measuring local urban tree canopy cover, 62
- Kirby, Scott. *see* Persad, Anand B.
- Kirkpatrick, James B. *see* Pearce, Lillian M.
- Kjelgren, Roger (and D. Joyce and D. Doley), Subtropical-tropical urban tree water relations and drought stress response strategies, 125
- Kumari, Aradhna. *see* Singh, Munna
- Lagerstroemia* spp. (crapemyrtle)**
drought stress response strategies, 125
- LaMana, Michael. *see* Tinus, Craig A.
- land-use**
tree growth and resilience to extreme drought, 279
- leaf area index**
shading effectiveness of five street trees, 157
- Leong, Eng-Choon. *see* Burcham, Daniel C.
- Levinsson, Anna, Post-transplant shoot growth of trees from five different production methods is affected by site and species, 201
- Liriodendron* spp. (tulip tree)**
growth and resilience to extreme drought, 279
- Livesley, Stephen J. *see* May, Peter B.
- Locke, Dexter H. *see* King, Kirsten L.
- Loewenstein, Edward F. *see* Martin, Nicholas A.
- lumber**
utilization of urban wood, 25
- mahogany (*Swietenia* spp.)**
drought stress response strategies, 125
- Majidi, Mohammad Mahdi. *see* Etemadi, Nematollah
- maple (*Acer* spp.)**
impact of tree size and container volume at planting, mulch, and irrigation, 173
- Martin, Chris A. (and J.C. Stutz), Tree health in Phoenix, 286
- Martin, Nicholas A. (and A.H. Chappelka, G. Somers, E.F. Loewenstein, and G.J. Keever), Evaluation of sampling protocol for i-Tree Eco: A case study in predicting ecosystem services at Auburn University, 56
- May, Peter B. (and S.J. Livesley and I. Shears), Managing and monitoring tree health and soil water status during extreme drought in Melbourne, Victoria, 136
- McPherson, E. Gregory. *see* Roman, Lara A.
- Measelis, Marcus K. *see* Grado, Stephen C.
- Miesbauer, Jason. *see* Gilman, Edward F.
- Mississippi, U.S.**
governmental entities' knowledge of urban forests, 149
- mites**
effects of neonicotinid insecticides, 231
